

BURNDY® announces the release of HandyBug™ Connector

The Survival Tool of Electrical Connections

PRESS RELEASE PRESS RELEASE PRESS RELEASE

BURNDY® a leading manufacturer and provider of connector grounding and tooling solutions to multiple markets is pleased to announce a new addition to The Grounding SuperStore™. A true “All-in-One” connector, the HandyBug™ connector allows a contractor to buy and use the same connector for various types of terminations and bonding.

The HandyBug™ connector is UL Listed and CSA Certified, and is also rated for Direct Burial. Installation requires no special tooling. Two sizes are available and accommodate from #10 AWG Solid to #2 AWG Solid or #2 AWG Stranded to 1/0 AWG Stranded and both sizes feature a two hole tongue.

Extraordinary versatility allows the HandyBug™ connector to function as a split bolt, make a splice connection, terminate one or two wires to a bus bar or other flat surface, make wire connections to a pipe, as well as terminate wire at electrical motor input points. With HandyBug™ connectors on the jobsite, your inventory needs are greatly decreased!

About BURNDY

Headquartered in Manchester, New Hampshire has over 90 years of dedicated customer support in both service and product. Our customers need to look no further than BURNDY for all their connector, tool, and accessory needs. BURNDY is the only manufacturer to have the BURNDY® Engineered System of coordinating dies, connectors and tools.
